Your Brief

You prefer making people's day from behind the scenes, working in a tight-knit team to ensure all mouths are fed and watered. In the Food & Beverage Crew, you'll be in a dynamic environment as you unload, sort and distribute Subway lunches and refillable water bottles. Without you, the show could not go on.

Arriving Onsite

Please arrive onsite at your allocated time and register yourself at the Volunteer Concierge. Here you will collect your lanyard before reporting to the Food & Beverage Supervisor for briefing.
